Story of Britain	Society and Economy	Beliefs	Being a Historian
<p>Silverstone is a village in Northamptonshire.</p>  <p>In 1939, the second world war began and the Royal Air Force open an airfield on the outskirts of Silverstone.</p> <p>The second world war ended in 1945 which meant that the airfield became disused.</p> <p>On 2 October 1948, the Royal Automobile Club hosted the first British Grand Prix at Silverstone at the former RAF base.</p> <p>An estimated 100,000 people flocked to see Luigi Villorosi beat 22 others in his Maserati marked by bales, ropes and canvas barriers.</p>	<p>The British Grand Prix happens every year and increases tourism in our region. Silverstone village has adapted to welcome thousands of visitors each year. For example; local fields become campsites for visitors to stay over for the weekend.</p> <p>As a school we offer additional parking for visitors and celebrate with a “Grand Prix Day.”</p> <p>Local Community: Silverstone Racetrack have expanded their educational initiatives by opening a museum. Silverstone Racetrack also offers residential tickets to those who live locally.</p> 	 <p>Women’s rights – in 1880 Karl Benz invented the first petrol-powered motor car. Women were not supposed to drive in those days, but Karl’s wife – Bertha Benz took it upon herself to drive the motorised vehicle on it’s first long distance journey.</p>	<p>We will find out more by exploring various resources.</p> <p>We will place significant moments on a timeline.</p> <p>We will answer historical questions using the resources we have available to us.</p>
